Double Elimination, 9 Teams

Winners Bracket

Consolation Bracket

* If the team advancing from the Winners Bracket wins Round 5, that team is your state champion team and your competition is complete.

You will need Round 6 as a rematch if the team advancing from the Winners Bracket loses Round 5. This is the team's first loss, and the team plays a rematch with the team that beat them. The other team had its second loss for the day, and is excused before the rematch begins.

Teams losing in rounds A, B, C, and D have their second loss for the day and are done competing.

Have teams draw for their first placement of the day. After that, I prefer assigning teams to further competitions based on their standings. The assignments here are suggestions -- feel free to change these or have teams draw for each placement if you prefer.
